

Food Innopolis International Symposium 2020

What is Food Innopolis International Symposium (FIIS) 2020?

- The third international annual conference on food innovation trends
- Global networking opportunity, connecting ASEAN, Asia-Pacific, Europe and US food clusters, comprising private sector, academia, startups and government agencies
- Enhancing and strengthening triple helix alliance, gearing towards open innovation

Objectives:

- To connect ASEAN, Asia-Pacific, Europe and US Food Clusters to enhance and strengthen the global network of food innovation.
- To provide a forum for regional and international professionals as well as startups to show and share their technologies
- To explore the business opportunities

Target Audience:

- 500 Online participants include;
 - Executives of food and food-related organizations from various sectors i.e. public, private and academic institution
 - R&D or innovation directors of food companies
 - Researchers
 - Startups from food and food-related industries

Deliverables for Participants:

- Knowledge sharing with global food innovators
- Business opportunities

Format of the Event:

- Online conference - conducted in English (Translated in Thai)
- Limited on-ground participation (TBC due to the situation)
